

PACIFIC PROFILES

*NZ3501, the subject of Profile 95, just after it was delivered to Whenupai in April 1943 with an unorthodox fuselage roundel applied over the US insignia.*

*NZ3505 served both Nos. 40 and 41 Squadrons and carried the nose art of a stork dropping a bundle with the name Anytime, Anywhere, Any Place. It was removed from the RNZAF register in 1948 and subsequently scrapped.*
